EDUCATION

Doctor of Philosophy in Mathematics, Emory University, May 1998

Master of Science in Mathematics, Emory University, May 1995

Bachelor of Arts in Mathematics and English Literature with a concentration in Italian studies,
Wake Forest University, May 1992

PROFESSORIAL EXPERIENCE

2012 – Present	2004 – 2012
Full Professor of Mathematics (with Tenure) Oglethorpe University Atlanta, GA 30319	Associate Professor of Mathematics (with Tenure) Oglethorpe University Atlanta, GA 30319
2000 – 2004	1997 – 2000
Assistant Professor of Mathematics Oglethorpe University Atlanta, GA 30319	Assistant Professor of Mathematics University of North Georgia (formerly NGCSU) Dahlonega, GA 30597

UNIVERSITY-WIDE ADMINISTRATIVE EXPERIENCE: OGLETHORPE UNIVERSITY

2017 – 2021	2020 – 2021
Associate Provost (simultaneous service as SACSCOC Liaison and Director of Academic Assessment)	Interim Dean Hammack School of Business
2013 – 2014	
Acting Co-Provost (all faculty and curricular matters)	

DIVISIONAL ADMINISTRATIVE EXPERIENCE: OGLETHORPE UNIVERSITY

2022-2023	2004 – 2007, Fall 2009, 2010 – 2013, & 2016 – 2017
Program Coordinator Mathematics	Division Chair Mathematics & Computer Science

AWARDS AND HONORS

2023

Vulcan Materials Company's Teaching Excellence Award for Meritorious Teaching and Leadership
Oglethorpe University (One Award University-Wide)

2022

Outstanding Faculty Member
Omicron Delta Kappa Leadership Honor Society
Oglethorpe University (One Award University-Wide)

2015-2021

Head University Marshal
Oglethorpe University

2014 & 2013

Donald C. Agnew Award for Distinguished Service to the Oglethorpe Community
Student Government Association
Oglethorpe University (One Award University-Wide)

2013

Mentor Award
Omicron Delta Kappa Leadership Honor Society
Oglethorpe University

2007

Faculty Appreciation Award
Omicron Delta Kappa Leadership Honor Society
Oglethorpe University (One Award University-Wide)

2003

Lu Thomasson Garrett Award for Meritorious Teaching
Oglethorpe University (One Award University-Wide)

2003

"Apple Polishing Tea" Award
Chi Omega Sorority
Oglethorpe University (One Award University-Wide)

Spring 2010 & 2001-2006
Associate Faculty Marshal
Oglethorpe University

1998-1999

Faculty Marshal
University of North Georgia

1996-1997

Dean's Teaching Fellow
Emory University

1996

Marshall Hall, Jr., Prize
for Distinguished Undergraduate Instruction
Emory University

Spring 1996

Visiting Scholar and Research Fellow
Department of Mathematics
University of California, Berkeley

GRANTS

2022-2028

Title: "Inclusive Excellence 3"
Source: Howard Hughes Medical Institute
OU Principal Investigator and Head Grant Writer (pre-COVID application phase)
OU Steering Committee Member (post-COVID implementation phase)

2014-2017

Title: "Engaging Mathematics: Building a National Community of Practice"
Source: National Science Foundation via SENCER
(Science Education for New Civic Engagements and Responsibilities)

2008-2009

Focus: Creating a multi-course water quality research project
Source: SENCER (Science Education for New Civic Engagements and Responsibilities)

2007

Focus: Creating an interdisciplinary course to study Atlanta traffic
Source: SENCER (Science Education for New Civic Engagements and Responsibilities)

2005

Title: "Preparing Mathematicians to Educate Teachers"
Focus: Classical and Modern Geometries Course (Undergraduate Mathematics Major)
Source: Mathematical Association of America

2004

Title: "Preparing Mathematicians to Educate Teachers"
Focus: Mathematical Inquiry Course (Master of Arts in Teaching Program)

CURRENT SCHOLARSHIP OF TEACHING AND LEARNING INTERESTS

My career has been completely focused on reshaping mathematics and science education to improve persistence and success in our disciplines – especially for students from traditionally underrepresented groups. Removing arbitrary barriers and encouraging success in STEM are vital foci of my work in Diversity, Equity, and Inclusion. I bring the tools of quantitative and qualitative research to bear on teaching and learning. Most recently, I led D/E/I efforts in the STEM curriculum as part of our HHMI grant work. I have authored a free college text on voting theory to show the importance of mathematics in social justice and in our students' lives. I have published and presented on the efficacy of mathematics homework (in both written and online forms) for both major courses and service courses.

CURRENT MATHEMATICAL RESEARCH INTERESTS

My specialty is random knot theory, a hybrid subfield of topology and probability. I am also interested in other research questions involving topology, probability, stochastic processes, statistics, and mathematical economics. Over the last twenty-three years at a teaching institution, I have shifted my research agenda towards mathematics education with extensive presentations and grants in mathematical pedagogy and technology. During sabbaticals, I retrained as an actuary and passed two national examinations to bring actuarial mathematics into my teaching and research interests and into Oglethorpe's curriculum. On my most recent sabbatical, I codified these decades of actuarial preparation at OU into a new academic program: the first "track" in the Mathematics major. For all intents and purposes, these eight new courses and myriad existing courses make a new "major" at OU in Actuarial Science.

ACADEMIC PRESENTATIONS AND PUBLICATIONS

Invited Panelist, "Metacognition in Mathematics," Joint Mathematics Meetings, January 2023.

Forthcoming Publication, "Metacognition in Mathematics," Bulletin of the American Mathematical Society, a peer-reviewed article of the work of the four panelists on the "Metacognition in Mathematics" panel from the 2023 Joint Mathematics Meetings, publication expected late Spring 2023.

Publication, "Great Ideas of Modern Mathematics: Voting Theory," (free collegiate-level electronic textbook chapter, solutions manual, and student answer manual), available on the SENCER Engaging Mathematics grant website <http://www.engagingmathematics.net>, October 2016.

Publication, "A Quantitative and Qualitative Comparison of Homework Structures in a Multivariable Calculus Class," Book Chapter in *Scholarship of Teaching and Learning in Mathematics* by Dr. Jackie Dewar, Mathematics Association of America's Notes Series. November 2013

Speaker, Joint Meetings of the American Mathematical Society and the Mathematical Association of America, January 2013, "Comparing Online and Traditional Homework in a College Algebra Class: A Second Generation SoTL Study"

Speaker, Southeastern Teaching of Psychology Conference, February 2012, "Interdisciplinary SoTL: A Quantitative and Qualitative Comparison of Homework Structures in a Multivariable Calculus Class"

Speaker, Joint Meetings of the American Mathematical Society and the Mathematical Association of America, January 2011, "A quantitative and qualitative comparison of homework structures in a multivariable calculus class"

Poster Presenter, SENCER Conference, August 2010, "Investigation of Atlanta Water Quality: A Tale of Two Pedagogies"

Speaker, Joint Meetings of the American Mathematical Society and the Mathematical Association of America, January 2010, "Water, Water, Everywhere – Even in Statistics"

Poster Presenter, SENCER Conference, August 2009, "Water Quality Tracking at Three Sampling Locations in Metro Atlanta"

Poster Presenter, SENCER Conference, August 2008, "Stuck in Traffic: Designing a New Science and Mathematics Class to Address Capacious, Real-World Problems"

Speaker, Joint Meetings of the American Mathematical Society and the Mathematical Association of America, January 2007, "Placement Made Personal"

Speaker, Joint Meetings of the American Mathematical Society and the Mathematical Association of America, January 2007, "Are you a Mathematical Maoist? Writing Exercises to Explore the Mathematical Self"

Speaker, Joint Meetings of the American Mathematical Society and the Mathematical Association of America, January 2005, "Promoting Conceptual Understanding of Fundamental Mathematics Among Preservice Elementary Teachers"

Speaker, Joint Meetings of the American Mathematical Society and the Mathematical Association of America, January 2004, "Encouraging Artistic Expression via Mathematical Exploration in the Core Curriculum"

Publication, "Energizing Multivariable Calculus via Maple," *Proceedings of the 15th Annual International Conference on Technology in Collegiate Mathematics*, January 2004

Speaker, International Conference on Technology in Collegiate Mathematics (ICTCM), November 2003, "Infusing Applied Calculus with Technology and Projects"

Publication, "Introducing Calculus Students to Probability: Giving Numerical Integration and Improper Integrals a Context," *Proceedings of the 14th Annual International Conference on Technology in Collegiate Mathematics*, January 2003

Speaker, "Energizing Multivariable Calculus via Maple," International Conference on Technology in Collegiate Mathematics, November 2002

Publication, "Taming Randomness: Using Graphing Calculators to Simulate Probability Experiments," *Proceedings of the 13th Annual International Conference on Technology in Collegiate Mathematics*, January 2002

Speaker, "Introducing Calculus Students to Probability: Giving Numerical Integration and Improper Integrals a Context," International Conference on Technology in Collegiate Mathematics, November 2001

Publication, "Global Knotting in Equilateral Random Polygons," *Journal of Knot Theory and Its Ramifications*, June 2001

Publication, "Exploring Linear Algebra using MATLAB," *Proceedings of the 12th Annual International Conference on Technology in Collegiate Mathematics*, January 2001

Speaker, "Taming Randomness: Using Spreadsheets/Graphing Calculators to Simulate Probability Experiments," International Conference on Technology in Collegiate Mathematics, November 2000

Speaker/Workshop Instructor, "When Will I Use Trigonometry in the Real World?," Georgia Mathematics Conference, October 2000

Speaker, "Statistics By Discovery and Experimentation," Teachers Teaching with Technology Conference, March 2000

Short Course Instructor, "Exploring Linear Algebra Using MATLAB," International Conference on Technology in Collegiate Mathematics, November 1999

Speaker, "Energizing Linear Algebra via MATLAB," Mathematical Association of America Southeastern Sectional Meeting, March 1999

Speaker, "Active Learning of Statistics Using a TI-83 Graphing Calculator," Georgia Perimeter College Mathematics Conference, March 1999

Workshop Instructor, "Technology-Based Applications," University of North Georgia, October 1998

Workshop Instructor, "Energizing Introductory Statistics with the TI-83 Graphing Calculator," DeKalb College Mathematics Conference, April 1998

Workshop Instructor for Lumpkin County Middle School Enrichment Program, "Experiments in Probability," University of North Georgia, Spring 1998, Winter 1998, Fall 1997

Speaker, "Innovations and Excellence in Teaching," Emory University, directed by Eleanor Main, Associate Dean of the Graduate School, Summer 1997

Instructor, "Fostering an Environment for Learning," Emory University, directed by Jody Usher, Associate Dean of the Graduate School, Summer 1997, Summer 1996

Participant, International Conference in Knot Theory, Warsaw, Poland, Summer 1995

COURSES TAUGHT

Applied Algebra	Fall 2011	Oglethorpe University
Applied Calculus (Business/Economics)	Fall 2012, Fall 2011, Summer 2010, Summer 2009, Summer 2007, Spring 2007, Summer 2006, Spring 2005, Fall 2003, Spring 2003, Summer 2003, Spring 2002, Summer 1997, Spring 1995	Oglethorpe University Emory University
